 Towing / Getting towed Towing people/other sleds is not permitted on rental machines If a rental machine must be towed out please remove the belt before hand, any damages caused by towing will be the renters' responsibility Prohibited use By anyone not named in the agreement, including passengers, anyone under 19 years old, and anyone without a valid unrestricted drivers license By anyone whose riding ability is impaired by alcohol, drugs, fatigue, medication, jet lag 	Initial
 In any speed or racing contest, closed areas, failing to obey signs or the law In any violation of any law To carry explosives or flammable materials Wearing ski boots is not recommended & any damage is the renters responsibility 	Initial
Replacement Policy All renters will be subject to a \$5000.00 credit card preauthorization (\$2500/\$3500 with insurance) over top of the rental price prior to release of any snow machine. The renter is responsible for ALL damages, recovery & replacement costs. This INCLUDES any rental days missed due to down time. The machine is considered responsibility of the renter until returned to our office & signed off by a GSR employee. We reserve the right to hold pre-authorizations for 48 hours after return to inspect the snowmobile/equipment for damages.	
Optional Insurance: Is available for \$50 per day, which reduces the deductible from full replacement value of snowmobile, to \$2500 (\$3500 for Boost) per day per incident on the renter's machine only. The insurance applies only to the unit and no other units, people or trailers. The renter is still responsible for recovery & all down days due to damages on top of the deductible. Intentional damages, fire, vandalism & theft are not covered. By accepting you agree to all terms and conditions. If not paid for at time of rental, insurance will be declined.	rental Initial

Early/Late Returns The rental time is 8:30am to 5:00pm. Equipment returned after 5:00pm will be subject to a late fee of \$70/hour or part thereof. Snowmobiles returned without covers or fuel will also be charged a fee. No refund for early returns or shortened period due to accidents or weather conditions. Mechanical breakdowns not caused by the renter are subject to a proportionate rental refund not exceeding the daily rental fee, less charges for use and fuel. I understand that if I pick a machine up early I will be responsible for any damages including those that are missed on the inspection from the previous rental due to the machine being covered in ice/snow.
